complaint against NIT no Quest/NH/PC/52 dated 01/03/2022 regarding  
awarding of tender

R/sir

It is notified to you that my firm M/s Mehran Associates stood third lowest in tender opening. As per SPPRA rule if any firm more than 20% below than engineer estimate the procurement agency should disqualify the firm. I am unable to estimate that how 1<sup>st</sup> or 2<sup>nd</sup> lowest will qualify for this tender which are 25 and 23.5% below than engineer estimate. As per our rate analysis more than 20% below than engineer estimate it is not feasible to work on such rate as 1<sup>st</sup> and 2<sup>nd</sup> lowest firms are. Either they have black money or they will compromise on quality of work as per specification.

### Appeal

It is requested to you constitute the technical committee for the rate analysis for above mentioned work. I will provide my rate analysis on demand of procuring agency. Hence it is requested to you kindly award tender to the M/s Mehran Associates which is deserving one without violating any SPPRA rules.

Thanks
